

HINTERLAND OUTREACH

Guyana, S.A.

The sole and ongoing objective of this endeavour is to provide the residents of various villages with basic, but essential materials, that they might otherwise go without. Within the hinterland communities, local access to vital health care materials, as well as hygienic, school and food supplies is, at best, limited. Resultant of the minimal resources is steep prices attached to every day household items, prices the likes of which cannot be afforded by the majority of the commonalty.

Our goal is therefore to supply some, if not most, of these essential elements in an effort to make their lives healthier and more comfortable. It is our fervent hope that you aid us in this venture, in whatever way you are able.

Sponsored by the Junior Woman's Club of Arlington

GUYANA
